

JUDICIAL CANDIDATES FORUM

HILLSBOROUGH COUNTY, FLORIDA

PRESENTED BY THE NORTH TAMPA BAR ASSOCIATION

13TH JUDICIAL CIRCUIT

Group 31

GREGORY G. GREEN

greggreenforjudge.com

What is the source of your value system? My faith and my family.

Why do you want to be a judge? I believe that judges are the ultimate public servants. To be a great member of the judiciary you have to possess the appropriate experience, temperament and be dedicated to public service. My career from a professional and volunteer standpoint has always been about public service. I want to continue my commitment to service as a circuit judge.

What have you done over the years to prepare yourself specifically for judicial service? I have been a trial lawyer since I began practicing in 1999. Being in the courtroom for most of my legal career has certainly helped prepare me for this job. I am also fortunate that a number of my close friends are members of the judiciary. I routinely have discussions with them about the job and try to learn from their triumphs and tribulations.

What distinguishes you from the other candidates? Commitment to this community & temperament. I have served the families of Tampa as an attorney ad litem, big brother, biblical/marriage counselor & high school flag football coach. My temperament has been the reason most often cited for the numerous endorsements the campaign has received from retired judges, colleagues and community organizations.

How do you describe your temperament and personality? I would describe myself as follows: fair, patient, logical, courteous, punctual, courageous, firm when necessary, humble with a common sense approach to life.

What would make you a competent judge? My 21 years as a trial lawyer has shown me first hand what qualities are needed to be a great judge. I believe that experience, coupled with my commitment to serve this community and possessing the appropriate temperament will allow me to excel on the bench.
